

Here's what some participants from last year's Sister to Sister Conference had to say:

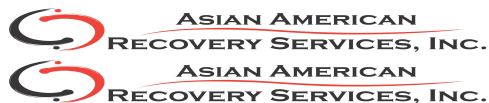

"Thanks for letting us have a wonderful day here! Now I know that women are more wonderful than I thought!"

"Thank you for the opportunity to be able to in some way change my life, and possibly the lives of others. This is a really good conference. It really opens your mind to many different issues that are occurring everyday in our society."

"This conference means a lot to us! You have shown and proven to us how great we can be!"

"Thank you for the opportunity to witness this conference. I've learned a lot and will use the information I've learned to better my life."

"Thank you for the Sister to Sister Conference. I got a chance to meet and see wonderful women that I never knew existed."

Asian American Recovery Services, Inc.
invites young Asian/Pacific Islander women
between the ages of 11 and 18 to participate in our
12th Annual Sister to Sister conference
entitled "Her Story."
This conference helps raise the self esteem
of young A/PI females through a day long
series of workshops, activities, speakers,
and entertainment. The workshops will focus on the
issues that affect today's young women such as:

Self-image / Self-reflection

Cultural Identity

Relationships / Sexual Health

Health / Alcohol and Drugs

Caring members of our community will sponsor
the young women's participation. We hope to
provide an opportunity for the young A/PI women
in this community to share their experiences
as well as learn about each other.
